Bridging the Knowledge Gap to Institutionalise Health Research in Health/Academic Institutions of KPK

Your Invitation to Attend

In our continuous quest to develop capacity for Health Research in the Khyber Pukhtunkhwa (KPK) province, the Directorate of *Research & Development* at Khyber Medical University, Peshawar is organizing an Annual Health Research Symposium on February 17th and 18th (Friday-Saturday) 2012 at Khyber Medical University- Institute of Basic Medical Sciences, Near Shalman Park, Phsae-6, Hayatabad, Peshawar, to give the budding researchers from the KPK a chance, to highlight their work in front of the Medical fraternity and other stake holders.

The symposium will also provide a chance to the more established researchers for some brainstorming during the panel discussion and the Q & A session, the theme of the discussion will be “Bridging the Knowledge Gap to Institutionalise Health Research in Health/Academic Institutions of KPK”.

There will be presentations on the importance of Institutionalizing Health Research in Academic Institutions and a panel discussion on Undergraduate Medical Research on the first day and Oral and Poster presentations in fields of **Surgery and Allied, Public Health, Medicine and Allied, Dentistry, Undergraduate Students and Basic Sciences.**

You are cordially invited to attend the KMU Annual Health Research Symposium 2011 and be a part of an exciting event, where the exchange of knowledge will be our primary aim.

Registration will be on the first day of symposium i.e. on February 17, 2012.
